

## Amateur's Code

*The Radio Amateur Is:*

**Considerate...** never knowingly operates in such a way as to lessen the pleasure of others.

**Loyal...** offers loyalty, encouragement, and support to other amateurs, local clubs, and the ARRL, through which Amateur Radio in the US is represented nationally and internationally.

**Progressive...** with knowledge abreast of science, a well-built and efficient station and operation above reproach.

**Friendly...** slow and patient operating when requested; friendly advice and counsel to the beginner; kindly assistance, cooperation and consideration for interests of others. These are the hallmarks of the amateur spirit.

**Balanced...** radio is an avocation, never interfering with duties owed to family, job, school, or community.

**Patriotic...** station and skill always ready for service to country and community.

Use of the GMARC  
Repeater is your verbal  
agreement to abide by the  
**Amateur Radio Code**

## Welcome to the GM Amateur Radio Club

The GM Amateur Radio Club was formed in 1989 with the objective to secure for ourselves the pleasure and benefits of association with persons commonly interested in Amateur Radio.

It is our purpose to further public relations, provide emergency communications, and promote good will in the communities we serve.

### GMARC Repeaters

The GM Amateur Radio Club operates two repeaters:

443.075 MHz +pl 123 Hz  
145.210 MHz -pl 123 Hz

Our repeaters operate 24-hours a day, and provide Emergency Communication service to the community.

Both repeaters are "linked" for the Monday night **InfoNet** at 8:00PM. You may also connect via EchoLink® – Node #99846.

### GMARC Club Meetings

Meetings are held on the third Tuesday of each month (except July & August) at 7:00 PM.

Trinity Lutheran Church (LCMS)  
45160 Van Dyke Avenue  
(North of Hall Road)  
Utica, MI 48317-5578

### Introducing EchoLink®

EchoLink® software allows licensed Amateur Radio stations to communicate with one another over the Internet, using Voice-over-IP (VoIP) technology. The program allows worldwide connections to be made between stations, or from computer to station – greatly enhancing Amateur Radio's communications capability. There are more than 200,000 registered users in 162 countries worldwide!

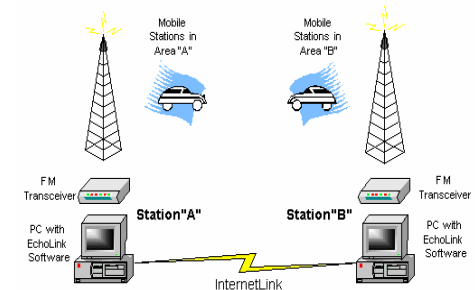

For more information about GMARC's connection to EchoLink® go to (including a link to download the necessary software, go to the EchoLink® WebSite at:

<http://www.echolink.org/el/>

For more information about VoIP programs, such as EchoLink, see QST from February, 2003, page 44 or download the .PDF from the ARRL WebSite at:
