

Good evening, and welcome to the GM Amateur Radio Club Monday night information net.

This net meets every Monday evening at 8:00 PM on this repeater. This is an open net, you do not have to be a member and all amateurs are invited and encouraged to join in. This net uses 443.075 and 145.210 both with a 123 Hz PL tone. At net time the repeaters are linked together. We can also be accessed via Echolink @ node 99846 (which translates into WW8GM on a touch-tone phone keypad).

This is _____ (phonetically) my name is _____ and I will be your control operator for tonight's net.

In keeping with operating procedure, it is requested that check-in's use the following format (un-key).

(key) "This is _____ (un-key) (call sign phonetically)...my name is _____
(Name)

"I will now pause for priority or emergency traffic."

"I will now open the net to mobile and portable check-in's, mobile and portable check-in's, please come now."

Address these check-in's by acknowledging each, then give a second call for mobile and portable check-in's.

"I will now open the net to fixed stations and Echolink stations, please check-in now."

****Remember to Identify as Net Control with your call sign at least every 10 minutes!

Address these check-in's by acknowledging each, then give a second call for fixed station check-in's.

After all stations are checked in go down the list calling each station and asking them if they have any traffic for the net.

Stations should state their information, and sign (with their callsign) by clearing back to net control.

After all traffic has been handled, close the net.

"Thank you one and all for joining tonight's net, I will now close the net and return the repeater to regular amateur activity, "This is _____ (call sign)
