Tech report:

From Jeff Skurda

Jeff couldn't make the meeting . His second in command Charles Perushek filled in with a great job explaining. They put up the old antenna, (wind shear took out the one we had up there) they tweaked the repeater. They would like to request a day where they could get people to report back into them and tweak the repeater more as a fine tune-up.

Badges

From Jim Odam

Jim reported we have 59 members. Please pay your **2004** due's it is easier to keep you current then to take you out of the roster and have to put you back in.

Point of Interest

The question of the two meter repeater was brought up again. Dennis Gaboury President of The Michigan Area Repeater Council, Inc. stepped up to tell us how far the club has actually come in the process of getting our two meter coordination. Thank you Dennis for a great job as president of MARC, I don't think any of us had a glue to what you do.
